

THE 2009
Spirit of CEB
AWARDS

Since CEB's founding in 1947 by the State Bar of California and the University of California, its mission has been to meet the educational needs of the legal profession in California with authoritative and innovative products and services.

CEB's record of service since that time would not be possible without the generosity of the many attorneys who, over the years, volunteered to speak and write for CEB. Motivated by a desire to serve the profession and a love of teaching, and taking time out of busy practices, they have made a significant contribution to the practice of law in California.

To acknowledge these contributors and their service to the profession, CEB presents the annual Spirit of CEB Awards.

This year we honor the following eleven volunteer authors and speakers from seven separate practice areas.

Speakers:

Real Property

John L. Hosack, Buchalter Nemer, A Professional Law Corporation, Los Angeles
